Hollywood Rides Give Extra Fuel to Philly Auto Show

East Norriton, PA – January 5, 2025 – The Auto Dealers Association of Greater Philadelphia, owners and producers of the annual Philadelphia Auto Show, is proud to announce details on its 2025 Hollywood Rides Display.

Always a fan favorite, the Hollywood Rides Display will return and include iconic vehicles from some of the biggest blockbusters and hit TV series of today. Examples include the 2012 Dodge Ram 3500 and 2023 Dodge Durango RT (Scarecrow) from Twisters; 1966 Chevrolet Impala and 1972 Alfa Romeo from Fast X; 1984 Pontiac Fiero from Fast & Furious 9-The Fast Saga; 2012 Acura TL from Avengers Agents of Shield; 1981 DMC Delorean Time Machine from Back to the Future; and 1988 Chevrolet C20 Stranger Things Hawkins Power and Light Van.

“We are so fortunate to have a great relationship with the fantastic team at The Celebrity Car Museum, which is where these vehicles come in from,” said Mike Gempp, Philadelphia Auto Show Director. “They share our love of cars but in their own special way. We’re thrilled to welcome them back to the show floor and offer this as another exciting display for our guests to check out.”

The Celebrity Car Museum is located in Branson, Missouri. It is owned and operated by mother and son duo, Kathy and Scott Velvet. The Velvet family has been collecting cars and celebrity memorabilia for many years. They have more than 100 vehicles on display at all times at their one-of-a-kind museum.
